Testimonials

"I can only thank you from the bottom of my heart for the excellent work you have presented. You make what I do so much easier (more accessible), in my pursuit to share my art. Thank you!! I cannot believe the quality you put forward in the statement. It blew me away, and I do not know how I could ask for anything better. I feel so lucky that I found you to help me, especially as you have so many talents and skills to give fluency to the areas where I stutter."-Derek Szteliga, artist. Philadelphia, PA

"As an emerging artist I hired Camilla for her consulting services and was blown away by her commitment and focus. She not only helped me position myself in the world of fine arts, but insisted I draw up a game plan so that I could make the best use of our time together once I left our meeting. She has also followed up with me since our meeting and has continued to offer friendly guidance."

-Petra Szilagy, artist, New Haven, CT

"I finally had a chance to read the curators statement that was hanging in the hallway and was so impressed. Wow, so fascinating to see the show [Wilson Avenue Loft Artists Explorations exhibition] through your eyes and make the connections you saw between our work as individual artists. It was our best show yet ... Thank you!"

"Thank you, Camilla! You bring clarity and perspective to my projects! I wanted to forward you this link to an article that includes my upcoming solo exhibition. It begins with a description of my show and includes all the information we worked on together, almost verbatim. Clearly, the journalist went on my website and lifted all the info for the article. It is a testament to the professional assistance you gave me writing my bio, statement and CV. My website is working beautifully and positioning me right where I want to be for the launch of my solo exhibition. Many, many thanks."-Jocelyn Braxton-Armstrong, artist. Westport, CT

"Camilla is patient, generous, smart and very dear! We met two years ago to talk about a website. During that time (when I was making my decision) I did my homework and looked at many artist websites. Ultimately I came full circle back to Camilla. She executed the project quickly; my site is up and it's fabulous! All I have to do now is get my left brain working (but then again she said to call any time.) Bravo!"
